

## Glass Fence Gate Hardware

### Glass Gate Latches and Hinges

You will need to use 1 latch and 1 hinge set for each gate you are installing in your pool fence. It is important that you select the correct hinge for your pool fence layout. You will need to know from where the gate will be hinged (swinging off) and latched (closed against).

[Click Here to View our Glass Gate Layout Guide](#)

#### Latch options include:

- Glass Gate to Glass Panel Straight Economy
- Glass Gate to Glass Panel 90 Degree Internal Corner
- Glass Gate to Glass Panel 90 Degree External Corner
- Glass Gate to Wall/Square Post Economy
- Glass Gate to Round Post

Note: For most of our latches only the glass gate will require pre-drilled holes. When the non-gate side is also attaching to glass it is friction fixed with 2 grub screws.

#### Hinge Options include:

- Glass Gate to Glass Panel
- Glass Gate to Wall/Square Post
- Glass Gate to Round Post

Note: When using glass to glass both the hinge panel and gate panel will require holes.

You will also need to make sure you order the correct gate panel and hinge panel (if necessary).

### [Polaris 125 Series Glass/Glass Hinges](#)

## **The Polaris Soft Close Hinge is a state-of-the-art product unrivaled in design, style and safety**

The Polaris soft close hinge is the safest and most reliable specially designed pool fence hinge in the industry that complies with the stringent Australian Standards AS1926 and AS 2820.

- New and improved 125 series hinge is now made with duplex SS2205 stainless steel
- Improved design features including commercial rated adjustable tension spring (tempered SS304) with multiple spring closing settings (soft, medium & strong) and the highest quality
- European made dampeners for smooth, soft close action
- Self closing hinge suitable for 10mm and 12mm thick glass gates
- Revolutionary anti-drop gate packing system significantly lowers the chance of gates dropping or sagging over time
- Easy installation process – install guide included in each box
- Available in polish, satin, matt black and matt white finishes
